Founded in 2013 by Tommy Ruke, The Motor Carrier Insurance Education Foundation (MCIEF) provides the very best education to transportation industry insurance professionals.

Even with our growth, we teach very personally and interactively using the most respected and interesting industry leaders for our classes and meetings. With more than 300 member entities we regularly reach more than 4,500 trucking insurance professionals

- *MCIEF members enjoy the very best education related to motor carrier insurance and all aspects of the motor carrier industry.*
- **2 conferences (Annual & Western) per year over 800 attendees**
12 education sessions per year
12 webinars annually
1,000 people educated via TruckingU
- *Business opportunity abounds at every MCIEF meeting. We provide ample business networking time and help to coordinate, foster, and encourage profitable business relationships.*
- *Our Fellows are more than 100 of our industry's top professionals who teach MCIEF classes. They represent an unparalleled expertise and resource for every student.*
- *Our designations, Transportation Risk Specialist (TRS) and Transportation Claims Specialist (TCS) are recognized industry wide as a professional achievement of competency and expertise. The most successful people and organizations seek Transportation Risk Specialist (TRS) and Transportation Claims Specialist (TCS) designees as they conduct important business.*
- *MCIEF staff assists member students with all aspects of continuing education credit administration. We provide communication and report cards to our member students, many of whom have attended dozens of MCIEF classes.*
- *As a nonprofit foundation, MCIEF members enjoy all aspects of membership at the most reasonable tuition prices and discounts.*
- *We provide many important reference resources for MCIEF members available in the member section of the MCIEF website.*
- *Our membership directory gives all MCIEF members access to the leading firms involved in every aspect of motor carrier insurance.*
